About the Program

The proposed expansion of the Cove Point Liquefied Natural Gas Terminal in Lusby, Maryland has emerged as a major environmental concern for the State of Maryland. We will show a brief film which reviews the Cove Point project followed by a panel discussion. Karie Firoozmand has been raising up issues of environmental stewardship and justice among Friends, trying to discover where the seeds of injustice can be replaced with those of right relationship. Anne Lusby Harrison is clerk of the Peace and Social Concerns Committee for Patuxent Meeting which is located in Lusby near the Cove Point facility and will speak about the Calvert County responses to the project.
